Applications by Residents and nominations of Junior Faculty will be reviewed by the *Lytics in Practice* Faculty. Selection criteria include but are not limited to the following:

- The *Lytics in Practice* Scholarship for Residents is available to second-year Residents of training programs in PGY 1-3 format, and to third-year Residents from training programs in PGY 2-4 or PGY 1-4 format
- Eligibility will be deadline-based; completed applications must be submitted by September 8, 2008. Incomplete applications will not be considered
- Application must include letter of recommendation from Residency Director/Associate Director
- **Diversity in terms of Residency program representation.** Ideally there will be no more than 2 participants representing each institution; either 1 Resident and 1 Junior Faculty member, or 2 Residents. **The maximum number of participants from an institution is 2.** Junior Faculty may not participate without an accompanying Resident in a 1:1 ratio

Please briefly explain your interest in learning about using fibrinolytic agents in treating thrombotic emergencies in the Emergency Department.

Once your residency is completed, in what type of healthcare setting do you anticipate starting your career as an attending? (please check all that apply)

- Community hospital
- Academic institution
- Tertiary care center
- Other

Prior to completing your residency, will you have an opportunity to conduct a residency lecture, grand rounds, or other presentation to your colleagues?

- Yes
- No

Please attach a letter of recommendation from your Residency Director or Associate Director (with his or her signature) on institution letterhead.

Members of the *Lytics in Practice* Faculty identified in this packet will teach the workshop; not all faculty members will be available at all workshop sessions.
